

641—75.7(255A) Reassignment of county quotas.

75.7(1) Unused quota numbers will be assigned by the department of public health after March 31 of each year to counties according to receipt of request on a case-by-case, first-come basis.

75.7(2) Request for additional quotas cannot be made until all quotas have been used in a given county.

75.7(3) Requests for additional quotas may be submitted by directors and must be based on pending applications. Requests will be made on forms provided by the department of public health designed to provide necessary information regarding pending applications.
